## SOUTHERN RAILWAY GIVES NOTICE THAT TWO TRAINS ARE TO BE TAKEN OFF LINE

Trains Nos. 23 and 24, Between  
Chattanooga and Mem-  
phis Discontinued

### PUBLIC UTILITY BODY INFORMED OF ACTION

But Has No Authority Over the  
Service on Interstate  
Lines

(Montgomery Bureau Albany-  
Decatur Daily)

MONTGOMERY, Jan. 21.—Notice  
was given the Public Service Com-  
mission today that the Southern rail-  
road will discontinue after Saturday  
passenger trains Nos. 23 and 24 be-  
tween Memphis and Chattanooga and  
that a rearrangement in schedule will  
be made in other trains to care for all  
business on the division. The discon-  
tinuance results from lack of business,  
according to the statement. The Pub-  
lic Service Commission has no author-  
ity over the service furnished by pub-  
lic utilities on interstate lines.

At present train No. 23 leaves Chat-  
tanooga for Memphis at 11:10 a. m.,  
covering many important points in  
Alabama, including Huntsville, Deca-  
tur and the Tri-Cities. Train No. 24  
has been leaving Memphis at 8:30 a.  
m.

Mrs. Maude Williams Brewer of  
Montgomery will have another oppor-  
tunity to present evidence before a  
jury in support of her claim for dam-  
ages against Charles Varner, A. D.  
Rich and Joe Baltser for the death of  
her husband, Willis Brewer Jr., who  
was killed by Varner March 24, 1918.  
Varner was acquitted of murder fol-  
lowing the killing. A new trial was  
granted.

Holding there was an insufficiency  
of evidence to show the negligence of  
the St. Louis and San Francisco rail-  
road in the death of George M. Dor-  
man, fireman, who disappeared mys-  
teriously from his engine in Jefferson  
county and whose dead body was  
found beside the track later, the su-  
preme court today held that Mrs. Rhoda  
M. Dorman, widow, could not re-  
cover \$15,000 from the railroad. No  
witnesses could testify how Dorman  
met his death and the jury's verdict  
was reached on circumstantial evi-  
dence only.

O. J. McQuaig, of Waycross, Ga.,  
who took his own life with strychnine  
at a local hotel yesterday, regretted  
his act within five minutes and plead-  
ed with occupants of other rooms to  
do something to save him from death,  
according to developments in the  
investigation of the coroner today. Their  
efforts failed and in 30 minutes Mc-  
Quaig was dead. The coroner rendered  
a verdict of suicide and the body  
was sent to Waycross today.

The Public Service Commission to-  
day heard and took under advisement  
the petition of the Houston Power  
Company for a certificate of conveni-  
ence and necessity which will permit  
the construction of a dam and power  
plant across Little Choctawhatchee river  
near the Dale-Houston line. The com-  
pany contends that its present plant on  
the Big Choctawhatchee generates  
only 350 horsepower at low season,  
which is not sufficient to supply the  
demand at Ozark, Newton and Hart-  
ford.

Announcement was made by the  
State Department of Education today  
that the State Bureau of Industrial  
Rehabilitation had completed its or-  
ganization with Hugh C. Grant as su-  
pervisor and that a campaign to ob-  
tain names of persons disabled in in-  
dustry will be started at once. All per-  
sons entitled to benefits of the state  
and federal rehabilitation acts will be  
invited to accept training.

Alabama's three largest counties,  
Jefferson, Mobile and Montgomery,  
were given new jury commissioners  
by appointment of Governor Kilby to-  
day to fill positions which became vac-  
ant January 1. W. R. Dickson, mem-  
ber of the House from Jefferson, was  
made jury commissioner of Jefferson  
as the successor of Walter Fowles.  
J. Bester Robertson was appointed  
in Mobile county as the successor of  
Lee A. Patridge. M. S. Whitfield was  
given the position in Montgomery

## DAILY CONTEST PRIZE WINNER GIVES THANKS

Miss Thelma Cline, winner of  
the Buick Automobile, first prize in  
The Daily's automobile con-  
test, issued the following state-  
ment today:

To My Generous Friends:—My  
absence in Montgomery has pre-  
vented my expressing my thanks  
for the aid and loyal support I  
was given in my work for the first  
prize in The Daily's automobile  
contest. Besides, I have hardly  
recovered enough from the joy of  
winning the splendid Buick to ex-  
press myself. I wish I could see  
all my friends who subscribed  
with me and thus enabled me to  
win. To one and all of them I  
wish to express my heartfelt  
thanks and lasting obligation, and  
to those who had promised others  
and could not therefore help me,  
I wish to express my apprecia-  
tion for their kind words of en-  
couragement. Had I not been en-  
couraged in the long and trying  
contest, I would certainly have  
given up, when I heard of so  
many who seemed to be ahead of  
me. To the Albany-Decatur Daily  
I wish to express my thanks for  
the opportunity of working for  
the prize; to the management of  
the contest I express my thanks  
for their uniform courtesy. Ev-  
eryone who in any way aided me  
in the great contest has my sin-  
cere thanks and best wishes.

Again thanking one and all,  
Sincerely,  
THELMA CLINE.

## NORTH ALABAMA LEADING STATE IN THE BALES GINNED

North Alabama counties are lead-  
ing the state in cotton ginned from  
the 1920 crop, according to figures an-  
nounced by Sam L. Rogers, director  
of the bureau of the census, showing  
Madison county ahead of all other  
counties in total bales ginned, Morgan  
county the runner-up and Limestone  
county a close third. The Tennessee  
Valley counties have forged ahead of  
even the black belt counties, even  
fourth place going to this section,  
Lauderdale following on the heels of  
Limestone.

Quantities shown below are in run-  
ning bales, counting round bales as  
half bales, linters not being included:

	1920	1919
Colbert	11,565	11,514
Cullman	19,145	24,233
Etowah	9,931	15,526
Lauderdale	19,547	16,875
Lawrence	18,263	14,821
Limestone	20,328	21,377
Madison	26,417	35,557
Marshall	18,058	27,526
Morgan	21,034	21,898

Total figures for the entire show  
show a marked decline in the number  
of bales. The 1920 total was given as  
634,885 as compared with 680,265 bales  
ginned to the same time last year.

### Registration of Cars Shows Gain

Motor vehicle registrations for the  
past year obtained from the various  
states by the B. F. Goodrich Rubber  
Company show there are now 9,274,920  
passenger cars and trucks in use throughout  
the United States—one for every  
11.8 persons. This is an increase of  
1,870,804, or 21.9 per cent, over De-  
cember 31, 1919, when there were 7,  
604,616 motor vehicles registered.

The gain during the past year was  
greater than that of any previous year  
and is considered exceptionally re-  
markable by officials of the automotive  
industry in view of the adverse busi-  
ness conditions throughout the country  
during the last part of 1920. The  
largest previous gain was 1,457,399 in  
1919.

Every state in the union showed a  
gain during the year, Virginia leading  
with 51.1 per cent and Tennessee last  
with 1.4 per cent. The majority of  
states showed increases ranging from  
18 to 24 per cent. In a general way,  
the figures show agricultural states  
made better gains than industrial states.

Alabama's registration was 56,898  
in 1919 and 74,637 in 1920, an increase  
of 27 per cent.

## WOMEN ARE URGED TO PAY POLL TAXES AT ONCE IN ORDER TO VOTE THIS YEAR

Payments Being Made Slowly in  
Morgan County, Officials  
Announce

### ATTENTION OF MEN ALSO CALLED TO NECESSITY

All Voters, Under Alabama  
Laws, Are Required to  
Pay the Tax

Women of Morgan county are pay-  
ing their poll taxes slowly, but al-  
ready a number of them have called  
at the tax office and obtained their re-  
ceipts, the officials of the tax office an-  
nounced today. They urged that the  
newly enfranchised voters pay the tax  
more promptly as a rush is feared at  
the last minute.

While calling the particular atten-  
tion of the women to the necessity of  
the payment of their poll tax prior to  
February 1, in order to vote, the tax  
officials did not overlook the opportu-  
nity to call the attention of the men  
to the same necessity. All voters, un-  
der the Alabama laws, are required to  
pay this tax in order to be qualified  
electors.

The following statement was issued  
today by the League of Women Voters:

To the Women Voters of Alabama:  
The Supreme Court of Alabama has  
just handed down a decision declar-  
ing that Alabama women between the  
ages of 21 and 45 must pay a poll-  
tax before February 1, 1921, or be dis-  
franchised for the rest of the year. As  
you know, our constitution provides  
that all males between 21 and 45 must  
pay this tax each year prior to Feb-  
ruary 1st, and the penalty for not do-  
ing so is disfranchisement until the  
tax is paid. The Attorney General  
has rendered an opinion several  
weeks ago to the effect that the poll-  
tax would not be due from women  
voters until next year, on account of  
some legal technicality in the act  
passed by the legislature. However,  
the decision of the Supreme Court  
differs from this opinion and is, of  
course, final. Therefore the women  
voters of the state have only about  
two weeks in which to pay their poll-  
tax.

This is an appeal to all women be-  
tween 21 and 45 to pay their poll-  
tax without delay. The tax is \$1.50  
per person, and must be paid to the  
county tax collector, at your county  
courthouse. The money which you  
pay goes to the support of the pub-  
lic schools in your own county, and  
this fact will make women doubly  
glad to pay the tax, because of their  
special interest in the welfare of the  
schools.

Any woman who fails to pay her  
poll-tax before the first of February  
will have her name dropped from the  
list of qualified voters, and cannot  
get it restored until after October  
1, 1921. At this date, the poll-tax  
for 1922 falls due, and both taxes  
must be paid, which will amount to  
\$3.00. The poll-tax is cumulative in  
this state, and the voter must pay it  
for each year that he or she has  
failed to do so, before being restored  
to the list of qualified voters. Any  
woman who is a good housekeeper  
will understand at once that it will  
be easier to pay the tax of \$1.50 now  
than to run up a big poll-tax bill which  
must be paid off later on. Many  
men have disfranchised themselves  
permanently by failing to pay their  
poll-taxes from year to year, until  
the amount has now assumed incon-  
venient proportions. Women, don't  
let this happen to us!

Even unregistered women are urged  
to pay the poll-tax, because they will  
have another opportunity to register  
in July, when the registration books  
will be open for ten days. But, un-  
less they have already paid their  
poll-tax, (if they are between 21 and  
45), they will not be allowed to vote  
in such local elections as may take  
place in the summer and early fall.

The Alabama League of Women  
Voters rejoices that now the decision  
of the Supreme Court has clarified  
the situation, so that it will be  
possible to go ahead confidently in a  
campaign to urge the women through-  
out the state to pay their poll-tax im-  
mediately, and thus escape temporary  
disfranchisement. The schools need  
the money, and the state needs our  
votes.

Yours for good citizenship.  
ALABAMA LEAGUE OF  
WOMEN VOTERS.  
LILLIAN R. BOWRON, Chairman.

## ABADIE'S CHARGES DENIED BY SCHWAB WHEN COMMITTEE RESUMES ITS PROBE

Steel King Declares Statements  
of Col. Abadie Are "Ma-  
liciously False"

### FORMER COMPTROLLER ADDS TO TESTIMONY

Declares He Was Forced to Re-  
sign Because of Two  
Audits

(International News Service)

NEW YORK, Jan. 21.—Charles M.  
Schwab, head of the Bethlehem Steel  
Corporation and former director-gen-  
eral for the fleet corporation, appear-  
ed before the Walsh senatorial in-  
vestigation committee today and unquali-  
fiedly denied the shipping board had  
been charged with \$250,000 for his  
personal expense during October, 1919.

This charge had been made under  
oath by Col. E. H. Abadie, former  
comptroller-general of the shipping  
board. When the congressional com-  
mittee, which is investigating activi-  
ties of the shipping board, resumed  
its session, Schwab and Eugene R.  
Grabe, president of the Bethlehem  
Steel Company, were on hand.

Schwab declared that Abadie's  
charge was "absolutely, unmitigatedly  
and maliciously false" and defied any-  
one to show vouchers for personal ex-  
penses on the books of the Bethlehem  
Shipbuilding corporation. Col. Abadie  
had testified that owing to alleged ir-  
regularities in the accounts of ship-  
building firms holding cost plus gov-  
ernment contracts he had desired to  
show up flagrant accounting methods  
and to make an example to obtain per-  
mission to have an accountant go over  
the company's books.

Tried to Halt Audit

Late Col. John Barton Payne, chair-  
man of the shipping board, en-  
deavored to stop the audit and it was  
resumed only after Bernard M. Baruch  
had insisted that to abandon the audit  
would bring the whole shipping board  
into disrepute.

Col. Abadie asserted it was finally  
decided to have two audits, results of  
which did not jibe, and that he was  
forced to resign because of his ef-  
forts to stop leaks in the shipping  
board's purse from which millions of  
dollars, he testified, illegally found  
their way into the pockets of ship-  
builders.

Schwab said when he was asked by  
President Wilson to head the emer-  
gency fleet building corporation he  
wrote back pointing out his identifica-  
tion with steel and shipbuilding in-  
terests but the President, nevertheless,  
"prevailed upon me to accept the po-  
sition" and "I did so on the under-  
standing there was to be no compen-  
sation."

"I never even took the dollar the  
dollar-a-year men were to get,"  
Schwab testified.

Schwab, under cross-examination,  
admitted the voucher for \$250,000 as  
personal expenses was paid to him by  
the Bethlehem Shipbuilding Corpora-  
tion, but that "no part of it was charged  
to ship construction."

## TWIN CITIES GIVE TO CHINESE RELIEF

J. H. Calvin, treasurer of the Chi-  
nese Famine Relief Fund for the Twin  
Cities, announces that he has trans-  
mitted to The Christian Herald of  
New York the sum of \$55.75 which  
was placed on deposit at the different  
banks by individuals. Three Sunday  
schools report \$18, \$40 and \$80 re-  
spectively for this cause, making a  
total of \$193.75.

The Christian Herald has received  
nearly \$280,000 through the mails dur-  
ing the last two months. Funds are  
being sent also through the different  
foreign mission boards of the denomi-  
nations. The need is urgent and last  
reports state that 15,000 people are  
dying daily in the famine zone. Re-  
lief must be rushed and must be given  
for some time to come to save life.  
President Wilson appointed a com-  
mittee to make a nation-wide appeal  
but the famine was well advanced be-  
fore this was done. Let the churches,  
societies and Sunday schools continue  
the appeal. The banks will continue  
to receive funds and Mr. Calvin to  
transmit them. Do not delay.

## SOFT JOBS OPEN AT \$12,000 PER YEAR, APPLICANTS SCARCE

Men Are Hard to Find to Fill Places on Director-  
ate of War Finance Corporation

(International News Service)

WASHINGTON, Jan. 21.—Wanted: Two men at \$12,000 a year each  
for four years. Applicants can fit into soft places vacant on the direc-  
torate of the war finance corporation. Easy work, short hours, self-running  
offices, upholstered comforts when at work, unlimited mechanical help and  
other office luxuries beside big pay.

Secretary of the Treasury Houston said today, after a long search: "The  
jobs are attractive, but available men cannot be found."

A half dozen eligibles have already been presented to the President by  
Secretary Houston but apparently none want the jobs. Both Democrats  
and Republicans have declined them. The President, it is said, will fill the  
places as soon as Secretary Houston can find available.

## LARGER QUARTERS FOR POSTOFFICE IN ALBANY SOUGHT

Larger quarters for the Albany  
postoffice after the expiration of the  
present lease on December 15 are now  
being sought by the Postoffice Depart-  
ment, according to announcement to-  
day from postal officials. It is esti-  
mated that not less than 3000 feet of  
floor space will be needed as compared  
with less than 2000 feet now in use.  
A lease for either five or ten years is  
asked of local property owners includ-  
ing the furnishing of rent, heat, light,  
water, safe or vault and all necessary  
furniture and equipment for the  
proper conduct of the office.

The proposals will be received up to  
and including March 1 by Postoffice  
Inspector C. C. Vold. Blank proposals  
and specifications may be obtained  
from Postmaster T. H. Alexander. The  
form of lease may also be examined at  
the postoffice.

## DIOCESAN COUNCIL MEETS AT CAPITAL

BISHOP CHARLES M. BECKWITH  
DELIVERS HIS ANNUAL AD-  
DRESS TODAY

(Montgomery Bureau Albany-  
Decatur Daily)

MONTGOMERY, Jan. 21.—Minis-  
terial and lay delegates to the ninety-  
third annual meeting of the diocesan  
council of the Episcopal church of Al-  
abama gathered here yesterday for  
their opening session which will con-  
tinue through Friday. During the first  
day reports were received which indi-  
cated that the church had passed a  
successful year in Alabama and that  
plans had been made for an even  
greater year during 1921.

Rev. Edmond Bennett, of Ensley,  
executive secretary of the nation-wide  
campaign movement for this state, de-  
livered an address at the opening ses-  
sion, following which the council was  
organized for the business session  
which continued through the remain-  
der of the day.

Bishop Charles M. Beckwith deliv-  
ered his annual address and report of  
the work of the church at the after-  
noon session. This report recounted  
the activities of the bishop during the  
year and showed that greater interest  
was manifested in affairs of the church  
than during any previous 12 months'  
period of its history.

At the evening session attention  
was directed to inspirational addresses  
and ten-minute talks on the work of  
the church. These addresses included  
"The Church Aroused in the Diocese,"  
"The Church at Work in the Diocese,"  
and "The Opportunity and How to Meet  
It." Under the latter head addresses  
were made by Former Governor Chas.  
Henderson, Dr. H. B. Battle, A. A.  
Towers, R. J. Williams and Dr. Ben-  
jamin Wootton.

## 'Flying Grandmas' Carrying Vote to National Capital

(International News Service)

DES MOINES, Ia., Jan. 21.—Neb-  
raska's "flying grandmas," carrying  
the state's electoral vote from Lincoln  
to the national capital, were to "hop  
off" early today, in the second leg of  
their unusual journey. The women,  
Mrs. W. H. Wheeler and Mrs. Draper  
Smith, each of whom has grandchild-  
ren, reached here late yesterday af-  
ter flying from Omaha in one hour and  
40 minutes.

Several other stops will be made be-  
fore Washington is reached.

## VIOLENT BATTLE FOUGHT BETWEEN TROOPS AND IRISH

(International News Service)

LONDON, Jan. 21.—A violent bat-  
tle between Sinn Feiners and military  
police has just been fought near  
Dublin, according to an incomplete  
telegram received this afternoon from  
the Irish capital. It was indicated the  
casualties were heavy. A heavy force  
of Sinn Feiners prepared an ambush  
for crown forces but were taken by  
surprise. In the battle that followed  
rifles and bombs were used on both  
sides.

ligion a Man's Job." Interesting talks  
were made by J. W. Montgomery, T.  
M. Dix, John A. Thomason and S. A.  
Lynn and Perry Henderson of Athens.

An efficiency campaign will be put  
on at once with a view to enlisting  
every possible Baptist in the work to  
reach every possible unsaved person  
with the gospel, and to double the  
Sunday school attendance.

### ORDER RESTORED

(International News Service)

MILAN, Italy, Jan. 21.—Ten per-  
sons were killed and 50 wounded in a  
clash between communists and non-  
communists at Castellammare di Sta-  
bia near Naples, according to infor-  
mation received from Naples today. Or-  
der has now been restored by troops.

## HAMILTON MAY BE SCENE OF TRIAL OF MILITIAMEN HELD IN LYNCHING CASE

Marion County City is in the  
Same Court Circuit as  
is Jasper

### DEATH—LOT CHARGES OF PALLANE PROBED

Solicitor Wilkinson Awaits Per-  
sonal Interview Before  
Making Any Comment

(International News Service)

JASPER, Ala., Jan. 21.—It seemed  
most probable here today that the  
trial of the members of Company M,  
Alabama National Guard, who were  
indicted for the killing of William  
Baird, union miner, who was taken  
from the Walker county jail on the  
morning of January 13 and shot to  
death, will be held at Hamilton, Mar-  
ion county.

Hamilton is in the Jasper circuit  
and Judge T. L. Sowell will likely be  
the presiding judge. The trials are  
expected to begin next Wednesday, al-  
though attorneys for the accused are  
resisting the time set. There will be  
a decision on this point during the day.

Special Solicitor Wilkinson, upon  
being informed of the statement of  
Mike Pallane, miner, of Holly Grove,  
who was taken into custody by detec-  
tives in Birmingham Thursday after-  
noon, that he had seen soldiers in the  
camp at Townley on the night of Jan-  
uary 12 drawing numbers from a hat  
and later, about 3 o'clock on the morn-  
ing of the tragedy, had seen the Ford  
car, said to have been driven by Leslie  
West, stuck in the mud about a mile  
from Townley, instructed state law  
enforcement officer Austin to bring  
Pallane to Jasper, in order that he  
might appear before the grand jury.

The second partial report of the in-

DISCUSSION OF THE  
"SCRAP OF PAPER" RENEWED

Just as the world had turned to something else than a discussion of the phrase "a scrap of paper" its author, Dr. Bethmann-Hollweg died, and the whole matter has been stirred up anew. From all accounts it appears certain that the now immortal expression was made by Bethmann-Hollweg to Sir William Goschen, at the time it dawned on the German Chancellor that Great Britain, contrary to established opinion, would send her mighty legions into the war to defend the neutrality of Belgium, and incidentally save herself. It seems that in the stress of things Hollweg said in effect to Goschen—"all that just on account of a scrap of paper?" It has been explained as a defense of Hollweg, that he was speaking only in a private conversation, that he was under the stress of a great emotion at seeing all his plans to keep on good terms with England come to naught. Had he said nothing more than this and done nothing more he might be excused. But a few days later in a formal statement to the world he admitted that the invasion of Belgium was a treaty breaking act. If on top of this admission, he had refused to go on with the war as the Imperial Chancellor Hollweg would have saved his honor to a very large extent—as what people say in a passion is quickly forgiven. But he placed loyalty to a self appointed war lord above what he knew and said was right. So it was what Hollweg did after he made his famous statement about the "scrap of paper" that will cause him to go down in history "unwept, unhonored and unsung."

In justification of his sincere desire for peace prior to the world war, Hollweg, has written many pages and there is no reason to doubt his claim that he did desire peace and not war. But he turned from peace, just as later he turned from the truth as to the sacredness of treaties.

When the military power of Germany spoke for war, Hollweg said "me too," and when the German army marched away to final defeat and after crushing under the heel of an out-raged world, no one cheered it more enthusiastically than Bethmann Von Hollweg. During the war he was removed from power, but not until he had his utter inability to make good.

Had the German arms been victorious there might have been some way found to expunge from the world's record its war Chancellor's disgraceful words, but as nothing fails like failure, all efforts to remove the brand of dishonor which Hollweg placed upon his fatherland will be unavailing.

JOHN BARLEYCORN EFFECTED IN  
A FAR REACHING DECISION

The Supreme court of the United States recently affirmed a decision of a Circuit court that had held as legal the confiscation of a vehicle in which liquor for sale was being transported. One basis of the finding of the highest court is a statute passed in 1888 making any vehicle used to transport or conceal any article on which a tax was due the government, subject to confiscation by the government. It would seem then although the government has gone out of the business of collecting taxes on whiskey, that the law regards whiskey as a commodity subject to tax. It was shown that the vehicle in question had been bought on time, and that the seller thereof knew nothing as to what his buyer intended to use the machine for. Some whose minds flame up instead of light up with reason, when any question concerning whiskey arises, have argued that the Supreme court erred, in the decision in question, on the ground that such decision was too drastic, and did not take into sufficient account that the man who sold the vehicle in the first place being innocent of the criminal purpose of the buyer, should not suffer the loss of the machine, as he will under the decision.

Such reasoners should remember that it is a principle in law—"let the buyer beware"—and

also there is a similar principle—"let the seller beware." For instance if stolen goods are bought and sold ever so often, once the rightful ownership of said goods is established, all who have dealt in them lose all, and the goods or their value revert to the original owner. On this well established principle also the supreme court based its decision allowing the government possession of the vehicle in which the contraband whiskey was being concealed and transported. It is only another case in point of the innocent suffering with the guilty.

One practical incidental effect of the decision, will be to cause greater care to be exercised by those who sell vehicles on time. Unless a dealer knows to a moral certainty that his "time" customer, will not use material bought of him, to aid in breaking down the 18th amendment he will hesitate to close the deal. The decision makes it possible for creditors who have sold vehicles on time to boot leggers, to lose the value of such sales to the United States government, in case their "time" customers get pinched by those charged with the enforcement of the 18th amendment and the Volstead act. This decision, plainly shows the general trend of the federal courts as regards the enforcement of the Prohibition laws—it demonstrates beyond the shadow of a doubt that every law on the statute books, capable of such construction, will be construed in such a way as to break the power of John Barleycorn and insure the speedy destruction of all profit in the unlawful manufacture and sale of intoxicating liquors.

Department officials of the wiser and more thoughtful sort in Washington and all over the country for years and years throughout our national history indeed—have complained sometimes in sorrow and sometimes in anger about habitual reluctance and frequent refusal of legislators and others entrusted with the expenditure of public money adequately to guard from fire the records on the preservation of which public convenience and interest are so largely dependent.

It would be harsh and probably unjust to say that this reluctance and these refusals are due to the fact that money spent for vaults in which to store old papers and documents brings in little or no return in the way of political strength or repute; the explanation probably is mere negligence, based on ignorance or inappreciation or forgetfulness of the value such records have. Whatever the reason, hardly a month passes that there is not in the news dispatches an account of a fire in a capitol, a court house or a city hall, somewhere in the country, that has resulted in the destruction of papers with all the preciousness that comes from utter impossibility of replacement—of papers the loss of which enrages historians and fills with dismay the owners of the property and the students of statistics.

Yesterday it was the loss of census documents stored or rather piled up in the corridors of the Commerce building in Washington. The facilities for proper storage and care had long since been used up by the accumulating papers of the highly important census bureau and warnings that what has happened might happen any day had been many, but money for the new vaults needed was not provided by the busy appropriators of money for innumerable other things.

It is a familiar story and probably will remain familiar till the millennium comes and common sense ceases to be the most uncommon sense there is.—New York Times.

## A BRILLIANT MAN DEAD

The many friends in Limestone county of Hen. Ed Albes, for many years a resident of Decatur, were pained to learn of his death in Washington City last week. His remains were brought to Decatur and interred beside those of his father, for many years proprietor of the old Bismark Hotel. The deceased was a man of splendid intellectual attainments, a graduate of Vanderbilt University and at the time of his death connected with government work in the promotion of trade with South America.—Limestone Democrat.

H. D. Harkreader, for a number of years, the very efficient editor of the Albany-Decatur Daily is now on the reportorial staff of the Birmingham Age-Herald. Mr. Harkreader is a very capable newspaper man and his North Alabama friends trust he will meet with the success he deserves in his new home.—Limestone Democrat.

Germany's proposal that there be international disarmament in the matter of chemicals, may be taken as evidence that some of William II's friends have discovered a super destructive gas.

From the number Mr. Harding consults, he seems not to be afraid of too many cooks spoiling his political soup.

That's a Sign That the Stomach is Not Working Properly, That the Liver is Inactive. Indigestion Made Life Miserable to Mr. R. L. Moore, of Main St., South Boston, Va., Then He Tried Re-Cu-Ma. Read the Remarkable Story of His Case.

Mr. R. L. Moore, one of South Boston's foremost citizens and owner of a large grocery store on Main street of South Boston, has had a remarkable experience with Re-Cu-Ma, the phenomenal remedy. He says: "Indigestion bothered me, I had a torpid liver, gas on the stomach and everything I ate made me sick and caused me uneasiness in the stomach."

"I tried Re-Cu-Ma and though I have only used a half a bottle I feel better. The Re-Cu-Ma has benefited me greatly and I feel like a new man. Now I can eat and enjoy it. My liver is in a good condition."

"Re-Cu-Ma has certainly helped me wonderfully and I gladly recommend it to anyone suffering as I did." Try Re-Cu-Ma under the famous Re-Cu-Ma four-day trial offer. You buy a bottle of Re-Cu-Ma. If it helps you the benefits you receive will be priceless. If it doesn't help you, take the bottle right back to the drug store and get every cent that you paid for Re-Cu-Ma. You can't lose under this plan. The company takes all the risk.

Re-Cu-Ma does its wonderful work in cases of indigestion, constipation and rheumatism by working through the kidneys, liver and blood. For sale by Thompson's Drug Store, Albany; Beason-Cobb Drug Co., Decatur, and all good drug stores.—Adv.

Farm Experts In  
"Idea Meeting"

AUBURN, Ala., Jan. 21.—(Special)—Seeking the views of the commercial representatives as to the present agricultural needs, Director L. N. Duncan of the Alabama Extension Service invited the agricultural agents representing all the railroads in Alabama to come to Auburn for a conference on the farming programs recently worked out for the different sections of Alabama and adopted by the county agents, extension specialists, bankers, business men and others interested in these big problems.

Those attending this conference were: H. B. Holroyd, Louisville, Ky., representing the Louisville and Nashville; H. L. Alsobrook, Ashland, Ala., representing the A. B. & A.; John Rigdon of Columbus, Ga., representing the Central of Georgia, and Roland Turner and H. C. Bates of Atlanta, representing the Southern. The proposed farming program was carefully gone over and after a few minor changes was adopted by these men who represent the big tax payers and business barometers of the country.

In adopting this program it was clearly understood that it was only a guide to be adjusted to local conditions and that its real purpose is to insure plenty of feed and food for each farm with a surplus and some cotton for sale.

The per family recommendations for all of Alabama north of the Black Belt are as follows: 1/4 acre in garden, 1/2 acre in orchard, 1/2 acre in sweet potatoes and 1/2 acre either in sorghum or sugar cane or both. For the big general crops there should be per plow 6 acres of cotton, 12 in corn, 3 in soy beans, and 3 in oats to be followed up by cowpeas for hay. For the portion of Alabama south of the Black Belt the three acres of soy beans should be replaced by six acres of peanuts and the acreage in oats should be decreased from three to two.

The livestock recommendations are two milk cows, one brood sow per farm family in North Alabama and two in South Alabama and also 40 laying hens. There should also be three acres in temporary pasture for each sow and litter and sufficient acreage in permanent pasture to meet the needs of each farm.

The big general recommendation for the Black Belt is more and better livestock with sufficient food and feed crops to meet home demands.

It should be remembered that these recommendations are made on a per plow basis and are sufficient for a family of five.

## YOU CAN LIKE COLD WEATHER

Crisp and Snappy Wintry Air Should Make Your Blood Tingle

YOU SHOULD ENJOY OUTDOORS

Pepto-Mangan Will FIN Your Blood With Vital Red Corpuscles, Able to Stand Cold Weather

Some people dread cold weather. The least frost in the air shrivels them up. They put on heavy fannels, hug the fires and still feel cold. It is pretty safe to say that people like that have thin, weak blood.

On the other hand you see other people who take on a healthy glow in cold weather. Their blood shows red on their cheeks and the color of their lips is heightened. They step out briskly, breathe in the cold air, and it seems to act like a tonic.

That's what it means to have plenty of rich, healthy blood. The ozone in cold air touches the good blood in the lungs and puts new vigor into the body. You square your shoulders. The sting of clean, crisp, cold air feels pleasant. You really enjoy the cold.

On the other hand, people with bodies that are fed with weak, impoverished blood, lacking in red corpuscles, hate cold air. Their faces and lips seem to turn blue and look pinched. There's no pleasure in winter for them.

So be sure your blood is healthy. Perhaps it needs a lift right now. Pepto-Mangan will tone your blood up to its normal state. Doctors have prescribed it for years because it has the right ingredients to make new blood. Besides, it is easy to take. Comes in tablet or liquid form. Both have the same medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for "Gude's" and see that the name, "Gude's Pepto-Mangan" is on the package—Adv.

## Amusements

**VIOLA DANA "BABY VAMP"**  
IN NEW ESOMOND PICTURE  
Viola Dana has the most important drama of her starring career in "Dangerous to Men," which is announced as the feature attraction at the Princess theater today. The screen play is an adaptation by A. P. Younger of the famous English drama, "Eliza Comes to Stay," which was produced in London with the author, H. V. Esmond, and his wife, Eva Moore, in the leading roles, and which scored one of the biggest successes of the modern English stage.

The role of Eliza taxes to the full Viola Dana's versatile powers as a comedienne, picturizing the development of a tomboy school girl who finds herself at eighteen thrust into a bachelor's household as his ward, there to discover her own seductive charm and how it makes her regarded as a dangerous woman. It is said to be Miss Dana's favorite role.

**Parents' Caprice.**  
It is no wonder that during infancy and early childhood life's lessons are so difficult for the small beginner when the laws which govern them must seem to him just or unjust, consistent or inconsistent, according to the knowledge or the caprice of the adult administering them.

## COTTON MARKET OPENING STEADY

DROP AFTER OPENING FOLLOWED BY RALLY OF FEW POINTS

(International News Service)  
NEW YORK, Jan. 21.—The cotton market opened fairly steady today with prices unchanged to 15 points lower. Liverpool, the South and Wall street were leading sellers at the start, while the trade and shorts bought moderately. After the opening the list dropped about 23 points under yesterday's close and then rallied a few points, but showed no evidence of an outside buying confidence.  
About 75 notices were issued this morning.

I have met a great many people who, I am sure, need this medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## Dairy Records of State Shattered

AUBURN, Ala., Jan. 21.—So far as Alabama is concerned all established dairy records were broken in 1920 when Praytor's Miss Oxford No. 403602, owned by Praytor and Jemison, Trussville, Ala., furnished the

year's record with the production of 10,608.3 pounds of milk and 610.71 pounds of butter fat which is equivalent to 712.49 pounds of butter. This cow is a three-year-old Jersey and her record is one of the few outstanding ones for the country as a whole.

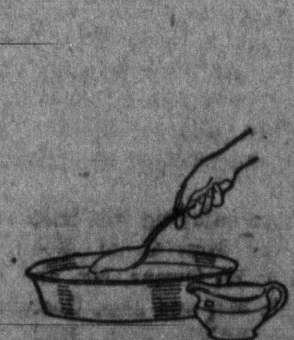

The fourteen coral islands in the Arabian Sea are all low and flat and all save two are entirely barren.
